

TODO

1 Introduction

1.1 An intro to image segmentation

1.2 Problem

1.3 Data sources

2 Experiment structure

2.1 Overview

2.2 Dilation

2.3 Segmentation programs

3 Results

3.1 Methods of analysis

3.2 Effects on accuracy

3.3 Effects on reproducibility

3.4 Effects with other segmentation algorithms

4 Discussion

5 References
